* Benefits

Panela is a smooth, white cheese that has roots in Central Mexico. This delectable cheese is mild in flavor but has a bit a tanginess to it. Panela is a curd-style cheese that crumbles easily, but is less crumbly in texture than Queso Fresco. Panela does not melt, and is best used crumbled or sliced. Whether youre looking for the perfect Panela for a recipe youre working on or youd like to order in bulk for your grocery store, Cheesemakers is the most trusted bulk cheese supplier. We take artisan cheesemaking seriously, and we believe our products are the best available today.

Uses: Great cubed over salad, crumbled over refried beans, tostadas, and tacos. Our Panela cheese can also be grilled on shish-kebabs or stuffed into chile rellenos, enchiladas, and chicken or Shrimp Diablos
