## \* Benefits

We love summertime here at RedCamper. So much so we do everything we can to bottle up every ray of sunshine for year round consumption. We celebrate road trips, picnics, place, people and storytelling through a specialty food line called Deliciousness, premier cheeseboard and picnic basker ready handcrafted, small batch preserves and mostardas that are a result of over two decades of home preserving, a county fair blue ribbon and a lifetime of love for small farms, roadside stands and back seat sandwiches. The Colorado Aprict is almost a mythical fruit, only rarely escaping the late spring frosts to grow into a beaming golden orb. These precious fruits sought to be paired with an equally mythical sprit, the Polish gem, ubwka, a potato vodka infused with bison grass, sourced from the primeryal Biaowiea Porest, hand picked and dried under natural conditions. With a little savory rosemary, pink peppercorn and vanilla extract sourced from Madagascar we created a slightly tart, earthy spoon of sunshine worthy of the most exotic fairytale. Perfekcjal (Some jars contain a single blade of this bison grass, if you are the lucky one you will experience a happily ever after love ..xo)
