Handling Suggestions

In its original packaging, a firm cheese will keep for several months. During this period the cheese continues to ripen and develops a more pronounced flavour. Once the package is opened, we recommend wrapping cheese in cling wrap to keep it from drying out. The best place to keep firm cheeses is in the vegetable drawer of your refrigerator, far from any strong smelling foods. ---

Serving Suggestions

A healthy choice enjoyed alone or in salads. A good source of proteins for snacks. P

Prep & Cooking Suggestions

Remove from the refrigerator and let it warm to optimize flavors
