\* The % Daily Value (DV) tells you how much a nutrient in a serving of food contributes to a daily diet. 2,000 calories a day is used for general nutrition advice.

### \* Benefits

The milk for Mahon Cheese is exclusively from the cooperatives owners herds on the island of Menorca. Breeds of cows are predominately Frisian with some Mahonesa (Minorcan). Island location and climate in the Mediterranean (Terroir) impacts the flavor of the milk = unique personality of the cheese. Heavy rainfall, sea winds, and high atmospheric humidity irrigate the pastures. These conditions give the milk (and resulting) cheese a high acidity and slight saltiness.

### Ingredients

Pasteurized cow's milk, salt, calcium chloride, cheese cultures, animal rennet. Non-edible rind. Contains milk.
