Made with pasteurized, hormone-free cow's milk, Brie LePetit recaptures the stronger and more traditional earthy flavor of a raw milk Brie. However LePetit is fully pasteurized. At its peak, Brie LePetit is very creamy and has a savory flavor and a long-lingering, rich aftertaste.

* Benefits

Made with pasteurized, hormone-free cow's milk, Brie LePetit successfully recaptures the stronger and more traditional earthy flavor of a raw milk Brie. Its bold taste comes from an original recipe that uses special ferments to replicate a genuine raw-milk taste. However LePetit is fully pasteurized and therefore 100% compliant. At its peak, Brie LePetit is very creamy and has a savory flavor and a long-lingering, rich aftertaste. Its earthy flavor evolves through the weeks, losing all acidity and giving way to an oozing texture and a distinctive aroma previously only found in France's best Artisans Fromagers®. Brie LePetit is simply Grand!
