* The % Daily Value (DV) tells you how much a nutrient in a serving of food contributes to a daily diet. 2,000 calories a day is used for general nutrition advice.

* Benefits

Traditional curry ingredients can include pepper, cinnamon, cloves, coriander, cumin, ginger, mace, turmeric, cardamom, fennel seeds, fenugreek, and numerous other spices. No one spice blend is as complicated as curry powder. There is no such thing as a single curry powder in Indian cuisine. Each dish has its own combination of spices that makes it unique. Curry powder is a mixture of turmeric and other spices that can be blended in mild, medium or hot strengths. The main difference between these blends is that Madras Curry Powder is spicier in taste compared to standard Curry Powder.

Serving Suggestions

Madras curry powder is very versatile. Use it wherever a recipe calls for curry powder or whenever you want to spice up a dish. It is great tossed with roasted vegetables, or in mayonnaise to make curried potato salad.
