172458 - Apricots Dried Whole Pitted Turkish

Turkish apricots are equally - if not more - delicious than conventional Turkish apricots, although they have a much darker color. They have a delectable sweet flavor that is ideal for snacking, or adding to your recipes and baked goods.

* Benefits

Turkish apricots are equally - if not more - delicious than conventional Turkish apricots, although they have a much darker color. They have a delectable sweet flavor that is ideal for snacking, or adding to your recipes and baked goods.

The variety of Turkish sun dried apricots is Prunus armeniaca L. And called as "ekerpare". The origin of this fruit is Malatya which is in Eastern Anatolia Region. Drying process begins by reaping of fresh and ripe fruits from the trees into the cases and continues with sulphur dioxide cure for 2 or 3 days, then dried under the sun, semi-dried are pitted by hand. In our plant, all apricots are inspected on the lighted belt and tables to remove any foreign material and defects. Apricots are packed into cartons and metal detected for final check.

The apricots contain no other additives. This process takes place under the highest standards of hygiene and good manufacturing practices.

Ingredients	Allergens
Apricots, Sulphur Dioxide added as preservative.
