### \* Benefits

Tidewater Grain Co is a family owned, operated farm specializing in difficult to grow Heirloom grains. Tidewater Grain is completely vertically integrated, controlling seed production, planting, harvesting, milling, packaging and distribution. Choosing to always do what's best has proven it to create superior taste and quality that chefs will welcome in their kitchens. Carolina Gold Rice dates back to 1685 when it was first brought to the colonies, the first time rice was in the Americas. As the only heirloom rice in the Americas still today, the flavor profile is nutty and rich and superior to the hybrid varieties frequently used in kitchens. More flavor equals more diversity, which chefs will love. Our Carolina Gold Rice is milled to exacting standards to ensure the same color and hence taste profile from batch to batch
