19113 - **Grayson**

Named after the county we live in, Grayson was originally inspired by our visit to Wales and Ireland in 2000. It took years of trial and error, several more trips to Europe, and the building of a new cellar before Grayson was born.

* Benefits

Named after the county we live in, Grayson was originally inspired by our visit to Wales and Ireland in 2000. As soon as we made the Grayson, we realized how deeply suitable a washed rind style was to our rich seasonal milk - and how key the affinage was to its unique flavor. It took years of trial and error, several more trips to Europe, and the building of a new cellar before the Grayson came fully into its own, but the result has been more than worth it: a cheese that both compliments our milk and reflects the terroir of our cellars.
