# 19115 - Mountaineer Cheese Wheel

While we have been making Mountaineer since our second year, this cheese truly came into its own after a trip to Europe in 2004. There we had the chance to taste the great Alpine cheeses of Valle d'Aosta and the Savoie and tour some of the amazing European aging facilities.

### \* Benefits

While we have been making Mountaineer since our second year, this cheese truly came into its own after a trip to Europe in 2004. There we had the chance to taste the great Alpine cheeses of Valle d'Aosta and the Savoie and tour some of the amazing European aging facilities. In Europe, a true Alpine cheese can only be made at high altitudes. This crystallized our vision of what Mountaineer should be: a dense, complex cheese aged in the European style that reflects our own mountainous terroir.
