\* Benefits

Pleasant Ridge Reserve is an aged, alpine-style cheese. Like the coveted, alpage versions of Beaufort and Gruyere, Pleasant Ridge is made only in the summer months, while our cows are grazing fresh pasture. The sweetness born from the grass-fed milk combines with the savory flavors developed by the cheeses natural, washed rind. The resulting complexity rich and salty, with a long, fruity finish has made Pleasant Ridge one of the most distinctive and celebrated cheeses in the country.

Serving Suggestions

Serve as a table cheese, on its own or with bread, fruit and nuts, but it is also an excellent melting cheese and a fantastic garnish for salads, soups, gratins and omelets.

Prep & Cooking Suggestions

Before serving, bring the cheese out to room temperature for at least 30 minutes. If the cheese was exposed to too much heat or wrapped in plastic, use a butter knife to scrape any oil buildup from the cut surfaces.
