Benefits

A Farmhouse table cheese made in the style of a French (Pyrenees) Mountain Tomme named for our hometown. Released for sale between 60-90 days. It has a natural rind, a semi-soft texture and subtle grassy flavors. Thomasville Tomme is a gravity-pressed cheese with a rind speckled with the natural flora of our aging environments. This flora can consist of any combination of off white, gray, brown, black, green and blue. The rinds can range from firm and dry to slightly tacky and orange. Being a gravity pressed cheese, small holes/cracks in the rind can be present, resulting in spots of colorful flora just beneath the rind.
