#### 198735 - Caciotta Paesanella Cheese

Plump, pleasant texture. Generally beefy and custardy flavors. Its active rind imparts aromas of cellar and mold, while its paste smells of sweet cream.

#### \* Benefits

Caciotta Paesanella is a small format stracchino by the producer of Ciresas Gorgonzola. A small-format, washed rind wheel, its a fine supplement to their traditional DOP selection from Lombardia.

Founded in 1927, Ciresa is the key affinatore of Lombardy cheeses, their central range reflective of the cheeses of the historic land of Lombardy. They work closely with their producers to ensure the cheese is made to Ciresas specifications. While most of Ciresas affinage occurs at the main office in Introbio, Ciresa has a special location in Novara for the care and aging of Gorgonzola. The Pedretti family have made cheese for at least 70 years, working with Ciresa the whole time. They receive one milk delivery per day, dividing that milk into two batches. They have twin 3000L vats in which they make between 200 250 wheels of cheese each day, with almost daily pick-ups from Ciresa. No salting is done at the dainy, this is left for the affinatores at Novara.
