

Idyll Farms

21836 - Honey Lavender Spread

A fresh, rindless, spreadable goat cheese from Idyll Farms in northern MI, made from the pasteurized milk of the farms goats. Fluffy, creamy, versatile, this spreadable cheese has citrusy, tangy flavor sweetened with honey and dusted with lavender.

Benefits

Idyll Pastures spreadable is named after the wild grasses and flowers growing on the Great Lakes Pastures that our Certified Humane Alpine goats graze on at Idyll Farms. The resulting fresh farmstead goat cheese is fluffy, creamy, and totally smearable. Its flavor is citrusy and tangy, with the smooth creaminess of super-fresh pasture-based farmstead Idyll goat milk, softly sweetened with honey and blended with lavender flowers. Regenerative farming practices. Gluten free. Gently pasteurized. American Cheese Society and US Championship Cheese Contest winner 2019.
