* Benefits

Brioche Buns are made with an inimitable French know-how and with simple & high quality ingredients like eggs, typical of the traditional French Brioche recipe. A unique fluffy texture, already pre-sliced for more convenience. Ideal for gourmet home-made burgers or barbecue. Guaranteed GMO free and vegetarian made with natural flavors & without preservatives. Brioche is a bread of French origin that is similar to a highly enriched pastry, and whose high egg and butter content gives it a rich and tender crumb. Boulangerie 255s hamburger buns are no exception. Their light and fluffy texture is the results of an authentic French recipe used to make them. An excellent hamburger deserves an excellent bun. These brioche buns are next level. Brioche is a bread from France made with extra butter and extra eggs, which creates a rich and satisfying flavor. The inside is fluffy, and the outside is brushed with egg again, creating a beautiful shiny golden edge. When the bun is this good, you'll need fewer condiments to create an exceptional burger. These are also great for any sandwich, divine garlic bread, with eggs, or as a roll with butter or jam.
