Extra Fine Cornichons, whole green yummy and crunchy. Cornichons are small members of the cucumber family, 4 -7 cms (1.5 - 2.5") long, and while they may be eaten fresh, they are usually seen when pickled. Pickled cornichons are at the heart or close to the heart of a number of French sauces and salads and, additionally, along with mustard, and pearl onions (oignons grelot), nearly always accompany charcuterie (cold meats (cuts) and sausages) as well as many cheese plates. What makes a cornichon special, apart from its taste, is its crrruunch.
