\* Benefits

These cheese curds are hand-crafted in Northern Utah. Made fresh with only the highest quality milk, these curds have a fresh squeak to them. A family fresh treat! Cheese curds are created as part of the cheese making process. After the whey is drained from the vat, we hand cut 40-pound slabs of fresh cheese. Our cheese makers flip and stack these slabs over the course of an hour. This flipping and stacking is called cheddar-ing. Once ready, the slabs are milled into nuggets of delicious-ness, hand salted, and ready to be eaten as cheese curds.
