

Jasper Hill

342090 - Harbison Campfire

Harbison is a soft-ripened cheese, wrapped in spruce bark. The bark for the Harbison Campfire is boiled with all-natural liquid smoke, which gives the spoonable creamy paste a particular hickory flavor that is reminiscent of summer nights sitting around a campfire.

* Benefits

Harbison is a soft-ripened cheese with a rustic, bloomy rind. Young cheeses are wrapped in strips of spruce cambium, the tree's inner bark layer, harvested from the woodlands of Jasper Hill. The bark for the Harbison Campfire is boiled with all-natural liquid smoke. The spoonable texture begins to develop in Cellars at Jasper Hill vaults, though the paste continues to soften on the way to market. Harbison is woodsy and sweet, balanced with lemon, mustard, and vegetal flavors, and the smokey bark gives the cheese a particular hickory flavor that is reminiscent of summer nights sitting around a campfire - while indulging in creamy delicious cheese.
