

Cascadia Creamery 35455 - **Sawtooth Cheese**

Named for the nearby Sawtooth Huckleberry Fields on the shoulder of Mt. Adams where Native Americans have picked berries for thousands of years. Sawtooth is a washed rind cheese with a fudgy, smooth texture that treats the palate to savory, meaty flavors balanced by a fruity funk.

Benefits

Named for the nearby Sawtooth Huckleberry Fields on the shoulder of Mt. Adams where Native Americans have picked berries for thousands of years. Sawtooth is a washed rind cheese with a fudgy, smooth texture that treats the palate to savory, meaty flavors balanced by a fruity funk. Semi-soft washed rind - aged 60 days.

Like the terroir of a fine wine, its all about the soil, the region, and the environment. Our cows graze on pastures grown in the rich, volcanic soil of the Cascade Mountains. They drink the mineral-rich glacial waters of snow-capped Mt. Adams. We also age our small-batch cheeses with air from ancient lava tube caves. Our cave aging process creates fromage with Cascadia terroir. All our varieties provide a rich and unforgettable epicurean experience.
