\* Benefits

Kingston Creamery Heritage Cheese Blue is a crafted by a small, farmer-owned Amish Cooperative located in the rolling prairies of Central Wisconsin. Kingston farm families practice sustainable agriculture and traditional animal husbandry focused on small herd size of just 20 and allowing their cows to graze on pasture when Wisconsin weather permits and hand milking using old-fashioned milk cans. The extra care and centuries-old traditions is reflected in the luscious, high-quality milk and extraordinary Blue cheeses crafted by award-winning cheesemakers since 1984. The Heritage Blue is a mottle white and blue-green with a uniform blue vein distribution. Kingston's Heritage Blue is slightly firm to slightly soft and could be slightly pasty to touch. The Heritage Blue Cheese is made with Whole Milk, rBST free, trans fat free, Gluten Free, and made with clean ingredients. It has a 150-day shelf life and aged for 60-days. This has a balanced piquant, earthy flavor, with sweet fruity notes and hints of salt.
