

Guentensperger Kaese AG 370335 - Flat Mansh

creamy paste and an aromatic, spicy hard cheese, Produced according to an old Guentensperger family recipe with its own lactic acid cultures made from fresh Toggenburg mountain milk

* Benefits

In Toggenburg, a valley steeped in legend in the heart of eastern Switzerland, over 20 unique cheese delicacies are created in our three cheese dairies. With a great deal of tradition, craftsmanship and passion, our 45 employee ensure fabulous enjoyment of cheese from cream cheese to excellent semi-hard and hard cheese specialities to mildly spicy goat's cheese. This is what we stand for as a family business with our name "Criterspergers vines 1886".

The craft, which began over 150 years ago in the dairy in Mettlen, now lives on in our Gntensperge homegrown lactic and acid cultures, unites our family history, tradition and craft in a unique way.

An exceptionally creamy tender and crumbly hard cheese that literally melts in your mouth despite its age. With its slightly nutty note and strong spicy A and a mildy spicy aroma with finaly salt cristals spreads out. A perfect flat mountain cheese through and through!
