Stille is our still natural water. The water is pure and light (with a fixed residue among the lowest in Europe) of our Santa Barbara Spring. it comes from the top of Monte Pigna - at 1460 mt above sea level - from an uncontaminated environment, far from any possible source of pollution.

* Benefits

Perfectly colorless with reflections of the surrounding environment. Perfectly unscented. A perfectly balanced and neutral flavor due to the minimum quantity of minerals present. Drunk on its own it is an excellent thirst- quencher and is suitable to accompany any meal due to its neutral characteristics. It doesnt cover or change flavors but enhances them by leaving the palate clean. Both the Stille and the Bolle are to be served in a transparent glass, preferably with a stem and no ice.
