* Benefits

Salumi Italiani Prosciutto Italiano uses only three ingredients. The hind legs of carefully selected and raised pigs, sea salt, and the natural ocean breeze to thoroughly air dry the meat. Few products in the world encompass the natural relationship between the land and its inhabitants as directly as prosciutto does. The slow aging and expert salt application allow the development of lean, soft, evenly marbled meat that is sweet in taste, and lean and silky in texture. No MSG, nitrates, artificial flavors or colors are ever added ever added.
