* Benefits

Capricho de Cabra is a bright and sweet goat cheese made with milk from Murciana goats, which produce milk high in fat and protein and give the cheese its incredible creaminess. Unlike many types of fresh chevre, the mouthfeel is creamy and smooth (not chalky and dry). Central Quesera Montesinos began as a smaller dairy in Jumilla and is now Spains top producer. Together with Forever Cheese, they have worked to make their goat milk cheeses the countrys best. The milk from the regions native Murciana goat is known for being richer and sweeter, producing a smoother goats milk cheese with little to no gaminess. The versatile Capricho, a fresh chvre style, is a perfect example of the superior texture and flavor of their cheeses.
