

Losada

45111 - Gordal Olive Pitted

Gordal olives, sometimes called Sevillano or Queen olive, are named for their plumpness. An excellent classic Spanish table olive from Losada. As a large caliber whole olive, these make for an excellent addition to the olive bar.

Benefits

The Gordal olive, sometimes called Sevillano or Queen olive, is typical of the Seville region of Andalusia in southern Spain and produces a plump, large caliber oval fruit hence the name which translates to the fat one. Gordal are harvested in September and typically have a low yield. Because of their low oil content, they are not used in olive oil production but enjoyed as a table olive instead. Losada cure the whole, natural Gordal in a neutral salt and water brine to achieve a balance between salinity and bitterness allowing the delicate flavor of this variety to come forward. As a large caliber whole olive, these make for an excellent addition to the olive bar.
