Benefits

Spend your time in the kitchen on more important tasks and enjoy our labor-saving chopped Greek olives. A fruity and smoky mix of classic varietals, we enjoy them tossed and topped over our favorite salads, flatbreads, quesadillas and more. Each olive in this exciting blend was chosen for its unique flavor characteristics as well as its ability to complement the other varietals. Olives are non-GMO, harvested, sorted, and even mixed by hand to prevent bruising and ensure quality that is second-to-none. While the varietals may sometimes change depending on crop and harvest, we typically include Kalamata, Halkidiki and Mt. Pelion. After curing, the olives are chopped and undergo strict testing for pits.
