* Benefits

Briati Burrata is not just another mozzarella. This delicious hand stretched cheese is filled with Italian cream and mozzarella curd. It's loved for being indulgent, creamy, and luscious - best served at room temperature. Try this cheese on top of pasta, alongside fresh slices tomato and olive oil, with avocado toast, over pizza - it's even great with just salt and pepper.

Briati Burrata is a fresh cheese made from a mix of mozzarella and cream. The outside thin shell is a hand stretched mozzarella while the insides contains a soft, doughy, stringy, mixture of curd and fresh cream. The cheese originated in the Apulia region of Italy known for sheep farming and agriculture. When you cut open a Burrata, it oozes with a creamy panna containing scraps of mozzarella. The cream has a rich flavor and has to be eaten immediately since it is a fresh cheese. Burrata is usually served fresh at room temperature. The taste of Burrata goes well with salads, crusty bread, and prosciutto, fresh tomatoes with olive oil and with spaghetti.
