### \* Benefits

The Singleton family first started making cheese on the grassy slopes of rural northern England in 1745. Cheesemaking is currently masterminded by the founders descendants, father-and-son team Tom and Adrian. Their dairy is only a few miles from the tiny farm where the Singletons' story began.

Sage Derby is probably the most historic Cheddar blend. Records suggest that it first appeared at harvest time in the eighteenth-century. Yeoman farmers in the Midlands of England would add layers of dried sage to the finest English Cheddar.
