5267 - Mini Tupelo Honey

Savannah Bee Company Tupelo Honey has buttery undertones and a mellow, cleanfinishing sweetness. It's like a thick, slow-moving river of liquid sunshine. Tupelo Honey complements a variety of foods but it's so delicious, we like it best just by the

* Benefits

Savannah Bee Company Tupelo Honey is one of the rarest and most-sought after varietals of honey in the world. It is a multi-Sofi gold award winning honey that is known as the quintessential honey. Rich buttery flavor with a floral, clean-finishing sweetness. The trees only grow along two river systems in the world, the Ogeechee and Altamaha Rivers, that run from southern Georgia down to the northern Florida panhandle. Tupelo trees only bloom for 3-10 days out of the year, giving the honeybees a narrow window to gather this perfect nectar. Beekeepers have been known to float their hives down the rivers on barges so that the bees can have uninterrupted access to the precious blooms. Tupelo Honey is great in tea, marinades, and on biscuits, but it's so delicious, we like it best just by the spoonful! Savannah Bee sources the purest Tupelo Honey with the most distinct flavor that is expected from pure liquid gold.
