* Benefits

The Widmer family has been handcrafting Cheddar since 1922. In recent years, our Cheddars have more age to satisfy the palate of distinctive, artisan-style cheese lover. Original family recipes and select cultures (with no shortcuts) gives our Cheddars a more sophisticated and complex flavor profile. Widmer still washes the Cheddar curds before salting and placing in forms to lower the amount of lactose, which reduces bitterness in the final product. Our super aged Cheddars have an intense flavor with hints of caramel, and are known for being very smooth without bitterness associated with some aged Cheddars. Also available with jalapeno peppers.
