✱ Benefits

Think sourdough is just for bread? Think again! We have taken all the goodness and health of sourdough bread baking and baked it into a cracker instead. These delicious little crispy crackers boast a delicious and unique flavor unlike any other cracker you have tried before. We allow our dough to ferment before it is hand rolled, cut and baked. That means the dough has time to ferment, break down gluten and the infused with probiotics. The end result is easier on our tummies and supports our digestion AND the best part...they taste amazing!

Georgia Sourdough Co. was started by Tony Graham as a hobby and passion gone wild. Tony has always had strong beliefs about quality of ingredients and honesty in creation. Food is the very foundation of our existence. Why not make products the best we can to feed our bodies? Why do big brands need to add buzz words or clever marketing into their products for sales when their customers can tell? A beloved hobby of creating delicious snack crackers for friends and family became a business venture. She believed in the power of these little crackers. Delicious, honest AND healthy? Would other people see the value and love the taste? Turns out they did! And Georgia Sourdough Crackers are now in over 500 stores nationwide.

Georgia Sourdough Co. uses all organic ingredients to make these delightful and crisp crackers. They have natural shelf life due to an enzyme produced in fermentation that is a natural mold inhibitor and preservative. The fermentation process using sourdough starter also breaks down gluten and carbohydrate chains while producing beneficial probiotics that support our healthy bacteria to sustain the baking process. There are no added preservatives or chemicals. Our bags are sealed with Food Grade Nitrogen for added shelf life.

These Cinnamon Sugar Crackers are fun and almost 100%CRISP who take them compares up a memory of Mom making them busy as a kid or Grandma toasting her left over pie crust with a sprinkle of cinnamon sugar. These are the crackers to have fun with! Break them up and eat them in milk, dip them in chocolate or try with cheese!

Handling Suggestions

Shelf stable. There is a zipper enclosure at the top to help keep fresh. They last quite a while once opened and kept properly sealed. UNIT UPC: 850012544067

Serving Suggestions

These crackers are a cult favorite. They are delicious all on their own, but open up nicely with cheeses. Our favorite cheese to pair with the Cinnamon Sugar Crackers is a Cheddar with Black Peppercorns by Beechers. Such a delightful surprise! We also enjoy with a soft goat cheese.

Prep & Cooking Suggestions

Just open and eat! Pair it with what and who you love.
