* The % Daily Value (DV) tells you how much a nutrient in a serving of food contributes to a daily diet. 2,000 calories a day is used for general nutrition advice.

* Benefits

Edam has a slightly salty, nutty flavor. With its relatively low fat content, it has a softer texture than many cheeses. As Edam ages, its flavor becomes sharper and its texture more firm. Edam is a traditional, mild and semi hard cheese that originated in Netherlands. Castello Edam is made with homogenized part-skim milk and is a sweet-curd cheese similar to Gouda except it contains less fat.

Ingredients

Pasteurized part-skim, salt, culture, microbial rennet, annatto
