\* Benefits

Handcrafted by first & second generation kombucha brewers! Mother and daughter team out of Atlanta, GA! Low sugar kombucha with a smooth and refreshing after taste. Brewed traditionally with a blend of green and black teas. Why choose canned Kombucha?

For many years kombucha was only found in amber colored bottles however, as the industry grew and the demographic of our favorite booch customer widen so did the packaging. The aluminum cans that are used today are not the same from the 1950s. They are advanced and have a protective lining such as, pectin making them the ideal choice for an earth friendly way to sell kombucha. We at Lupa's Kitchen know change is never easy especially with something as traditional as kombucha however, change is vital for growth on all levels and we hope you enjoy the cans as much as we do!
