#### \* Benefits

This steak cut is the perfect option for those looking for a flavorful and highly marbled cut. Our dry age products are aged using old-world dry aging techniques in our state-of-the-art dry aging facility. The process of dry aging allows us to control the decomposition of the enzymes within the meat itself, which in turn creates a more tender bite and enhanced flavor profile. The flavor profile is reminiscent of woodsy, nutty, and mushroom flavors.
