\* Benefits

Highest quality high fat European-style butter. Made with natural dairy cultures for a rich, complex flavor. USDA Grade AA. Minimum 83% butterfat. This fascinating example of American dairy prowess is a butter that is very high in butterfat, made so that the cream is not aged and does not have cultures added to it. The butter has a sweeter flavor without the dairy tang present in cultured products. Beurremont butter is higher in fat than most high fat butters (by 3%), very rich and creamy, extremely low in moisture with a higher melting point.
