* The % Daily Value (DV) tells you how much a nutrient in a serving of food contributes to a daily diet. 2,000 calories a day is used for general nutrition advice.

* Benefits

Cream Style Corn
Canned cream style corn is prepared from succulent yellow corn consisting of whole or partially whole cut kernels packed in a creamy component from the corn kernels and other liquid and ingredients to form a product of creamy consistency. The product is packed in hermetically sealed containers and processed by heat to assure preservation. Kernels possess a uniform color typical of tender sweet corn and the product is bright and practically free from off-variety kernels

Ingredients

corn, water, sugar, modified corn starch, salt
