### \* Benefits

Bite cake jars are scratch-made from classic, wholesome ingredients and hand-assembled, one jar at a time. They offer consumers the affordable indulgence of the cake jars seen on social media and featured on Shark Tank, but in your store, at a price they can afford. Similar jars at storefront bakeries or online from suppliers like Hickory Farms cost \$12 or 13 apiece. They are a rich, portable, sharable, and giftable treat. Bite cake jars are constructed of five layers in a premium crystal-clear jar: two disks of moist cake and three dollops of rich frosting. Unlike online offerings, Bite cake jars are constructed from unbreakable PET with an aluminum lid, so you don't need to bring glass into your bakery. Also, unlike online offerings, they can be displayed at ambient. Bite cake jars are kosher and available in everyday and seasonal flavors: Double Chocolate, Carrot Spice, Strawberry, and Red Velvet. Red Velvet combines moist cake with cream cheese frosting and just the right amount of sprinkles.
