Handling Suggestions

Refrigerate

Serving Suggestions

Serve for a cheese course, cheese board, dessert, appetizer, or hors d'oeuvre. Delicious with your favorite prosciutto or salami and seeded crackers. Top a hot steak or juicy burger with a slice and let it melt as the meat rests. Serve alongside candied orange and a nice port wine for a simple dessert.

Prep & Cooking Suggestions

To optimize cheese quality, keep cheese cold (32-40F) and wrapped in wax paper. Re-wrapping soft-ripened cheese in wax or parchment paper will allow the cheese to breathe as it continues to ripen. Remove your cheese from the refrigerator at least one hour before serving.
