

Bellentani

904675 - Hot Sopresatta Salami

Bellentani Salami is traditionally cured not heat treated with elevated humidity to accelerate the process and rush the product to market. Sopresatta Hot Salami is a spicy twist on our already flavorful traditional salami.

* Benefits

Bellentani salami meat composition is 28% fat, vs. 33% fat of many other salamis. Our Salami meets Federal Guidelines to be classified as Lean. Our texture is meaty 15% less fat (less greasy) and has more robust flavor personality as fat dilutes the natural meat flavor. Traditional curing allows the salami to achieve enhanced flavor notes with more flavor complexity than salamis which have a reduced curing time.
