

Point Reyes

910050 - Quinta Soft Ripened Cheese

The younger wheels have a custardy texture with a slight buttermilk freshness and a vanilla cream finish. The more mature wheels are softer in texture and rich in flavor - filled with notes of fresh butter in the beginning, finishing with notes of woody-mustard and wild mushroom.

* Benefits

Topped with CA Bay Laurel leaves, it is a soft-ripened, bloomy rind cheese, inspired by the very famous, seasonally-made Vacherin Mont d'Or and its close variation L'Éclat de Clon, both from the Jura mountain region along the French-Swiss border. Quinta is a small round, about 3 1/2 in diameter, weighing about 5oz. The interior texture is silky smooth and the rind is fluffy, yet slightly firm with Bay leaves embedded on the top and bottom. Made on the farm from our own pasteurized cow milk, the wheel is wrapped in Spruce bark that has been infused with the essence of CA Bay Laurel, which is indigenous to the region and ever present on our farm in Point Reyes. Quinta is meant to be enjoyed at room temperature in a single sitting by removing a portion of the top rind and digging in with a small spoon or cheese spreader.

Why Quinta? The name is especially meaningful to us for two reasons. First, Quinta means Farmstead in Portuguese. Our maternal grandparents were from Portugal so this cheese honors our mom (who would have loved this cheese by the way!) and our Ferreira family heritage. Second, Quinta means Fifth in Spanish. This cheese just happens to be the fifth product in our core line-up, so the name also has significance for our primarily Latinx staff that work so hard (day-in-and-day-out) to make all of our cheeses wonderful.

TASTING NOTES: Quinta is ripened between 30 - 80 days following production. The younger wheels have a custardy texture with a slight buttermilk freshness and a vanilla cream finish. The more mature wheels are softer (and spoonable!) in texture. The richer flavor is filled with fresh creamery butter in the beginning and expands to notes of woody-mustard and wild mushroom with a CA Bay Laurel herbaceousness in the finish. No matter the level of ripeness, the flavor is intensely delicious! Dig in to the bark-wrapped per seche. Don't forget to try the rind! The flavor is delicious with even more CA Bay Laurel and earthy, mushroomy notes.

Note: Please do not be alarmed by Quinta's colorful exterior: spots of white, grey, blue and brown sometimes appear on the bark-wrapped, bloomy rind and are totally normal. No need to worry, it's what's on the inside that counts! Enjoy!
