* The % Daily Value (DV) tells you how much a nutrient in a serving of food contributes to a daily diet. 2,000 calories a day is used for general nutrition advice.

* Benefits

Kingston Creamery Smoked Blue is a crafted by a small, farmer-owned Amish Cooperative located in the rolling prairies of Central Wisconsin. Kingston farm families practice sustainable agriculture and traditional animal husbandry focused on small herd size of just 20 and allowing their cows to graze on pasture when Wisconsin weather permits and hand milking using old-fashioned milk cans. The extra care and centuries-old traditions is reflected in the luscious, high-quality milk and extraordinary Blue cheeses crafted by award-winning cheesemakers since 1984. The Smoked Blue is a mottle white and blue-green with a uniform blue vein distribution. Kingston's Smoked Blue is slightly firm to slightly soft and could be slightly pasty to touch. The Smoked Blue Cheese is made with Whole Milk, rBST free, trans fat free, Gluten Free, and made with clean ingredients. It has a 150-day shelf life and aged for 60-days. A balanced piquant earthy delicate enhanced nutty & light Applewood smoked flavors with sweet fruity notes.

Ingredients

Cultured Pasteurized Milk, Salt, Enzymes, Penicillium Roqueforti. Contains Milk.

Allergens
