

CRESCE

77669 - Duck Breast S/On 8/9 Oz

Our premium boneless duck breast is a quality, labor-saving product and it always results in a tender and juicy dish. We are also unique amongst poultry producers in that all of our flocks are looked after by family members. Each flock is personally tended to 3 times a day, 7 days a week. This ensures that our birds are given the most comfortable environment in which to be healthy and vital.

* The % Daily Value (DV) tells you how much a nutrient in a serving of food contributes to a daily diet. 2,000 calories a day is used for general nutrition advice.

* Benefits

At Crescent Duck, we spend a great deal of effort and energy towards the care of our birds, which involves both their inner health and outer well-being. Crescent ducks are fed a nutritionally enhanced computer-generated diet consisting of corn, soybean meal and wheat. Vitamins, minerals and amino acids are used to enrich the diets. Hormones are never used. Antibiotics are never used to assist bird growth.
