^{*} The % Daily Value (DV) tells you how much a nutrient in a serving of food contributes to a daily diet. 2,000 calories a day is used for general nutrition advice.

Manufacturer

Handling Suggestions

Keep frozen. Store at or below 0F. Thawed bread may be held at ambient temperature up to 72hours (3 days). To prevent drying cover with plastic when stored in freezer or at room temperature. For Food Safety Purposes: Once product is held at room temperature (72F) for any length of time it CANNOT be placed back in frozen (0F) temperatures and must be discarded after 72 hours.

Serving Suggestions

1 roll

Prep & Cooking Suggestions

For best results thaw bread at ambient temperature (72F). Thawing under refrigeration is not recommended. To thaw a partial case, remove desired amount of product and lay out on a sheet pan and cover with plastic. Product will thaw at room temperature (72F) in approximately 1-2 hours. To thaw an entire case, remove from the freezer and leave in original packaging with inner bags sealed. Product will thaw at room temperature in approximately 9-12 hours. Can be served with hot or cold sandwich fillings.
