#### Handling Suggestions

Keep refrigerated. May be frozen.

Serving Suggestions

Save any juice that is in the pan after cooking for a delicious au jus to pour over the sliced roast.

## Prep & Cooking Suggestions

Preheat oven to 350 F. Remove from package and place uncovered roast lean side down in an oven-safe dish. Cook roast approximately 8-11 minutes per pound or until internal temperature reaches 145 degrees F. For slicing ease, let the roast stand several minutes before slicing across the small end into 1/4" slices. Ovens vary. Adjust cooking time accordingly.
